HELP THEM STAND UP AND PLAY

Summerfield Crossings had made it their mission to bring a Para Golfer unit to the club to help those that have been paralyzed or sustained a traumatic injury making it impossible or too difficult to be able to swing a golf club. We want to give them the opportunity to play this game we all love so much. The Para golfer unit and the stand up and play foundation have given people just that; the ability to Stand Up and Play again. We currently hold 4 tournaments during the year including this one that benefits organizations and individuals that don't have the ability to walk or have severe difficulties doing so. Together we can make a difference in these individuals lives by giving them the opportunity to get out on the course and being able to enjoy the Para Golfer unit which will give them the freedom to Stand Up and Play. It is amazing to see their faces the first time they use the machine.

Your Invited
